Run Report

Weather Rainy, Wet, Cold. No RA was at presence. So no wonder why the weather was bad

Participance Low. Only one dozen of them showed up. But three most important ones were present. The hare, the GM & the Grog Master.

Hare job Outsourced to Wet Pussy by Cheaper at Krogers. Clever idea by her to keep herself warm while someone else was doing the job for her outside at cold & rain.

Clueless Hasher One. Klingon. He was found walking around in his winter trouser & jacket shivering due to the cold at the run start time. Asking around whether there will be run so he will go back & dress up for the run. Come on Klingon after more than 1000 runs what happened?

Late Cumers Pog, 4-Pack, Whippet. Showed up after 6:30pm, Delayed the run start.

Lost Hasher Wild Rider. Got lost even before the run started. Went to the wrong location. That happens when one forgets to check hash emails or sent Trail master's email to the trash can. But she was able to join the pack midway after the run start with some hash help.

Run Another excellent trail for 2nd week in a row by the outsourced hare who happened to be the hare a week before around East Bentleigh area. But trails remained completely different. Relatively well marked except few places washed away where hashers needed good amount of time to search the marking. Also, it became a long 10km run including checks & on backs. Runners enjoyed the run thoroughly.

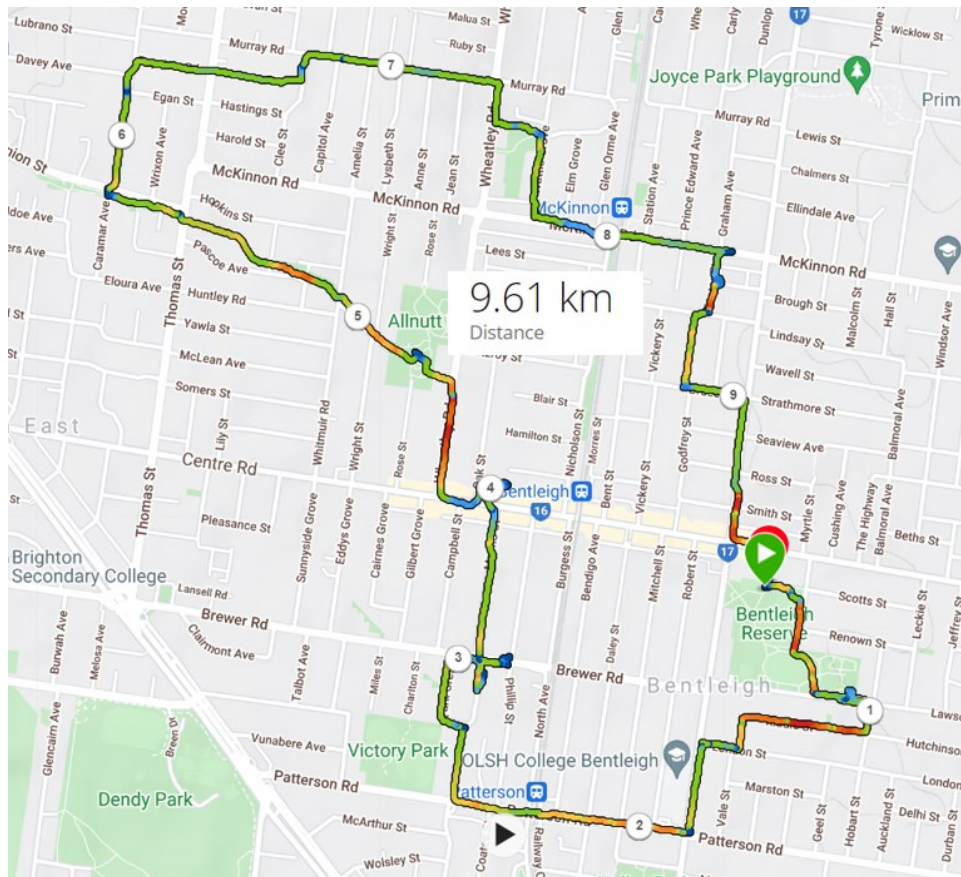

Walk Was there any? Scribe was busy running.

Drink Stop Excellent drink stop for second week in a row. Black Sambuca and Fireball was in the drink list this time.

Circle May be one of the shortest circles in LSH3 history. Over within 5 minutes. Because the pack needed to rush to the Pub to order dinner by 8:30pm because of the last order time. Really? I never understood what is with all the Melbourne Hashes. One of the few or only hash place where it seems dinner is more important than run, walk, circle, grogs.

On After Continued at Bentleigh RSL. Good dinner. Good beer. Good hash company. Few even hanged out late.
